We have received a copy of the above book, and find it is all, and more than is claimed for it. Our townsman, Mr. R. E. Hughes, together with two other newspaper men, wrote the book and it is as near complete as it is possible to make it. It is absolutely non-partisan, and check full of matter that is exceedingly interesting. See ad. in this issue.

**In the Philippines.**

Mrs. Lydia Murphy, of Hammack, last week received a letter from her son, Leonard Dunn, who is in the 22d infantry now in the Philippines. He said it was believed that the fighting would all be over by the time that the rainy season set in, that the Philippines were demoralized and had enough of Uncle Sam's boys. Mr. Dunn enlisted in Capt. Dumeau's company, but as soon as mustered out re-enlisted in the regulars. He is a good boy and its safe to say is making a first-class soldier.

**The Bloomer Girls.**

The Bloomer Girls, a base ball team, will play in this city next Tuesday. They have been playing all over the country, and put up a good game. Admission only twenty-five cents. They will play against the Lancaster boys. The Knoxville Sentinel says:—"The game was sharp and interesting from the start, and was closely played. Mand Nelson, the Bloomers' little pitcher, is an expert twirler, and did some very clever work in the box, striking out a number of men and having plenty of speed as well as some puzzling curves. Miss Martin, the club's regular short stop, relieved "Mandie," as the boys in the grand stand nicknamed Miss Nelson, from the start, in the eighth inning, and showed considerable speed herself. Robert Russell, the only man regularly employed on the Bloomers' team, is the catcher, as this position has proved too hard for every girl who has tried to hold it, but otherwise all the players are women."

**About the Waterworks.**

As work on the waterworks has been delayed for some time, it has given the croakers a splendid chance to "tell why, how and what" they don't know about Mr. Moritz' plans. The company having the franchise has been compelled to hold up on the work, as almost immediately after they received the contract, iron jumped almost out of reach, and has since remained at unreasonable figures. Within the last few weeks iron has come down some, and Mr. Moritz thinks he can soon buy the pipe at a reasonable figure. His franchise holds good for some time yet and it is not necessary to begin the work at once. The people are pretty restless on the matter, however, as we will be without protection from fire when the smallest drought sets in. If anything should happen that Mr. Moritz should want to give up his franchise, there are two other parties who are willing to do the work. The ringing vote of 252 to a pitiful 19 goes to show how the people think of the matter, and its safe to say that the plant will be put in.

Visit Joe Nicklass' shaving parlor.

Go to J. A. Beazley for a new and beautiful line of wall paper.

We are giving extraordinary bargains this week. Come in and take a look at our stock, and see what we are doing. We absolutely will not carry anything over from season to season. It must be closed out. **J. Joseph.**

**Accidents to Little Folks.**

While climbing a cherry tree, little Ella Henry, youngest child of Mr. Solomon Henry, lost her footing and fell to the ground, breaking an arm. The following day, little Cosby Logan fell from a cherry tree at his father's, on Lexington avenue, and met with a similar accident. While both the little ones are suffering much pain, the doctors say they will soon be all right.

The middle of the year is close at hand. Let us print some neat statements for you. Don't make out your accounts on a piece of wrapping paper, or a nickel tablet, ruled to write your own name in. Be up to date. We will do the work as cheap as you can get it elsewhere, and if it is not as good it will cost you nothing. Isn't that fair?

## PAINT LICK.

A large crowd from here spent Mon-  
day at Slate Springs.

J. V. Logan, of Richmond, has taken  
charge of the flouring mills at this place.

Misses Luckey entertained their  
niece, Miss Mattie Shumate, of Mis-  
souri, at a six o'clock dinner, Monday  
evening, at which a number of young  
people were present.

The good ladies of the Leaf neigh-  
borhood had a box supper for the ben-  
efit of the Sunday school, Saturday  
night, which was a complete success.  
A nice crowd attended and had splen-  
did order. They realized enough to  
pay off all indebtedness and had a nice  
little sum left in the treasury.

The farmers are all quite busy this  
week cutting the golden grain—the  
prospect for a large yield is good. Corn  
and tobacco are also looking well, and  
everything seems favorable to the far-  
mer this year, but we are afraid when  
he gets his stuff ready for the market,  
(using the expression of a large grain  
dealer), the price is a little off today.

John Wallace, who has been attend-  
ing college at Lexington, was at home  
Saturday and Sunday to see the home-  
folks. John Ferrell, of Middlesboro,  
was here this week on a visit to rela-  
tives. Miss Mollie Flannery, who has  
been a patient sufferer with consump-  
tion for a long time, died Saturday,  
and was buried at Gilead church. The  
bereaved family have the sympathy of  
the entire community in which she  
lived.

On last Friday evening Mr. and  
Mrs. Champ Shumate entertained in  
honor of their grand-daughter, Miss  
Mattie Shumate, of Harrisonville, Mo.,  
and Miss Florence Luckey. Those  
present were, Misses Lucile and May-  
mie Ramsey, Alma and Mary Lear,  
Hallie and Nancy Campbell, Eliza  
Rucker, Mattie McCormack and Nan-  
cy Ballard. Messrs. Joe McCormack,  
D. A. Hervey, W. G. Tudor, Walker  
Gwyn, Dr. C. E. Poyntz, James Rucker,  
S. B. Ely, Will Champ. An enjoyable  
evening was spent conversing and  
listening to sweet strains of music  
rendered by the Paint Lick Glee Club,  
and a serenade by Point Leavelle  
friends, which was greatly appreci-  
ated. The occasion will be long re-  
membered, as well as the little Mis-  
souri beauty, and especially by the  
young men present.

D. C. Pullins, a man of great deal of  
ingenuity has invented one of the  
most complete bee hives we have ever  
seen. He has also arranged that he  
has the bee under complete control,  
and can handle him without being  
stung, and the bee can save  
one half of his labor in stor-  
ing the honey where he wants it,  
after he comes in from the field.  
Therefore, half of his life is not spent  
climbing up hunting some place to un-  
load himself as he does in all other  
kinds of hives. A lady can rob the  
bees as well as a man and be in no  
danger whatever. Dave says he could  
do a little thinking, and arrange it so  
he could take the bee's sting from him.  
It is ahead of anything that has ever  
been invented in the way of a bee  
hive, and we hope to see Dave a mil-  
lionaire some day.

Misses Mary and Bertha Burnside  
are visiting Misses Lucile and May-  
mie Ramsey, this week. Several people  
from here attended the commence-  
ment exercises at Richmond last week.  
W. T. Martin and Leslie Rice were  
visiting in Danville, last week. Miss  
Anna May Meade, of Smithfield, is  
the charming guest of Mary Tillie Ar-

nold, at her home near here. A  
large crowd attended the raspberry  
supper given by Miss Eliza Lusk's  
Sunday school class at Mrs. Burk's last  
Tuesday. Mr. J. V. Bright, of Bertha,  
Ky., was in our midst Sunday. John  
P. Rucker, of Ford, spent a few  
days with his parents at this place.  
A. B. Estridge and Berry Lunford,  
drove over to Berry, last Sunday.  
R. L. Jennings spent the Sabbath in  
Lexington. C. A. Fish and E. N.  
Todd returned from Georgetown, Sat-  
urday. Mrs. Alex Francis and chil-  
dren, of Corbin, are visiting Mr. and  
Mrs. J. A. Francis. Miss Jennie  
Parks returned Monday from Geor-  
getown, where she was the guest of Miss  
Maggie Luckey. Master Robt. L.  
Garrett, of Winchester, is visiting his  
grand parents, Mr. and Mrs. W. C. Fish.

## BRYANTVILLE.

Mr. Sparks is on the sick list this  
week.

For the next thirty days I will sell  
my hats at cost, as I would like to get  
them all out by that time. So come  
early. I have some beautifully trim-  
med hats that I will close out very  
cheap. Mrs. A. S. Haselden.

Mrs. Smith Williams, who has been  
with her sick sister for a week, has  
returned to her home in Birgum.  
Miss Bessie Ballard, from Paint Lick,  
is spending a week with Mr. Richard  
Ballard, her grandfather. Mrs. Burt  
Hughes' little son and daughter, of  
Danville, are visiting relatives in this  
vicinity. Miss Carrie Boulden, of  
Lexington, is the guest of Miss Kate  
Isom. Mrs. King and daughter, vis-  
ited relatives in Lancaster, Sunday.  
Mr. and Mrs. Haselden visited in Dan-  
ville, Sunday, and attended preaching  
at that place. Mr. and Mrs. Burk,  
from Paint Lick, visited relatives  
here the past week. Mrs. J. X. Dunn  
spent several days with her sister,  
Mrs. Nancy Ballard, near Lancaster.

## MARKSBURY.

riage horse a few days ago for \$50.

City, Oklahoma, delivered an excel-  
lent sermon at the Fork church Sun-  
day. There were five additions to the  
church.

Durham, have about finished taking  
the census in the Lancaster and Bry-  
antville districts. They have met  
with many amusing incidents in their  
rounds.

for several days. Messrs. Speed Bon-  
ner and James Royston attended  
preaching at Kirksville, Sunday and  
visited John Askins. Mrs. A. J.  
Brewer and little son and daughter, of

Monday from Williamsburg, where  
she has been attending commencement.

## A Card of Thanks.

I wish to say that I feel under last-  
ing obligations for what Chamberlains  
Cough Remedy has done for our fam-  
ily. We have used it in so many cases  
of coughs, lung troubles and whooping  
cough, and it has always given the  
most perfect satisfaction, we feel  
greatly indebted to the manufacturers  
of this remedy and wish them to please  
accept our hearty thanks.—Respect-  
fully, Mrs. S. D. Dot, Des Moines, Iowa.

Would Not Suffer So Again for Fifty  
Times Its Price.

I awoke last night with severe pains  
in my stomach. I never felt so badly  
in all my life. When I came down to  
work this morning I felt so weak I  
could hardly work. I went to Miller  
& McCurdy's drug store and they re-  
commended Chamberlains Colic, Chol-  
era and Diarrhoea Remedy. It work-  
ed like magic and one dose fixed me  
alright. It certainly is the finest  
thing I ever used for stomach trouble.  
I shall not be without it in my home  
hereafter, for I should not care to en-  
dure the sufferings of last night again  
for fifty times its price.—G. H. Wilson  
Livestockman, Burgetstown, Washing-  
ton Co. This remedy is for sale by

Miss Mary Sandifer, who has been the charming guest of Mrs. John Logan, will leave today for Louisville, where she will spend the summer with her aunt.

Danville News:—Rev. Chas. E. Powell was in town yesterday. He is now resting up on his father's farm in West Lincoln county. Senator Geo. T. Farris was in town yesterday talking the people "Black" in the face.

The Carriage Journal, published in Cincinnati, contains a good likeness of our townsman, Mr. W. J. Romans. Mr. Romans attends all meetings of the carriage men, and keeps abreast of the times. It would be hard to find a cleverer fellow or better business man than "Billy."

SECORD Journal:—"Isn't Christine Bradley just beautiful? And did you ever see a prettier dress?" asked an enthusiastic lady at the hop the other night. We gave a most unqualified assent to both propositions and added that she, as bright as she was pretty and as modest as a little daisy. The honors that have been thrust on the fair young girl are sufficient to have turned an older head, but hers, like her father's, is too level for that, and she is as unassuming and apparently as oblivious of her many charms as if she had not been honored and petted so lavishly. Miss Bradley has been the guest of her cousins, the Misses Warren, since the hop.

### Use Both Eyes.

Keep one on the Quality of our goods and the other on our Extraordinary Low Prices. We are now selling any thing in our line of summer goods at one-third off. Some Extra Bargains in Trimmed Hats. Don't miss this chance to get a nice summer hat CHEAP.

Miss Pauline Posey, left for Missouri Thursday, where she will join friends and go on an extended visit to California.

Will Dunn, formerly with Welsh & Wiseman, Danville, but who is now traveling for a grocery house, was here Saturday and Sunday.

Mr. J. P. Mahan has returned from Ogden Hills. He likes the state very much, but says Kentucky is far ahead of any place he has been yet.

Mr. Vernon Signal:—James Adams is in Garrard county looking after his farm. Fred Yenger and little daughter, of Garrard, spent a few days with relatives here the first of the week.

The following Master Masons drove over to Danville Tuesday night and witnessed the Third degree conferred upon Harry Giovanni and Jno. Nichols: Jacob Joseph, Robert Kinnaird, W. B. Mason, Alex. Bishop, K. F. Postle, Dr. I. S. Wesley.

Danville News: Mr. James M. Harrison will leave Washington next Thursday accompanied by his mother. His health has been very poor for some time. When he comes home and inhales some of the wholesome Boyle county air he will soon be restored to himself again it is hoped.

The following taken from the Richmond Register, will be read with much regret by the many Garrard county friends of the able and distinguished gentleman: "Col. James W. Caperton, our esteemed fellow citizen was driving along Main street this morning at a moderate gait when the coupling pin broke in his phaeton, allowing the front end of the box to ground, throwing the Colonel out. He struck the pike with his head and shoulder, dislocating the latter and badly bruising his face and head. His injuries while painful are not regarded as serious."

Dr. and Mrs. McDonald returned to Danville Monday.

Mr. Joms Rucker, of Ford, visited this city this week.

Mr. R. L. Hagan, wife and children, visited in Kirkville, Sunday.

Mrs. White, of Knoxville, Tenn., is visiting her sister, Mrs. Jesse Doty.

Mrs. John S. Baughman will entertain this afternoon in honor of Mrs. George A. McRoberts, of Stanford, and Mrs. P. P. Frisbie, this city.

The "Personal and Local" column of last issue of the Berea Citizen was gotten up by Miss Carrie B. Woods, who holds the position of stenographer at that place. The work was exceedingly well done.

Joe Haselden and Herbert Kinnaird were here several days, after having put in several weeks selling the Haselden filter in Millersburg. They are a pair of hustlers, and will sell a man a filter whether he has a cistern or not.

At the Baptist church Sunday morning and evening, the congregation enjoyed quite a treat by the vocal solos of Miss Gonzella Byrne, of Selma, Ala., now visiting the Misses Gaines. Miss Byrne has a cultivated voice of remarkable sweetness and volume, and her singing has been greatly enjoyed, and highly complimented. She is a young lady of many accomplishments, very attractive and handsome. Her visit is being greatly enjoyed by Lancaster society folk.

Stanford Journal:—Ashby McKee Warren passed a highly satisfactory examination before Messrs. J. B. Paxton and P. M. McRoberts yesterday and was granted license to practice law by Judge Saulty. This young gentleman ought to and doubtless will make a big reputation as a lawyer if blood and breeding go for anything. His father, Hon. R. C. Warren, is a fine lawyer, he is a nephew of the noted jurist, George R. McKee, and a lineal descendant of Chief Justice George Robertson, whose fame as a law giver is world wide.

Elder Holton C. Frank orders his copy of "The Record" changed from Lexington to Poplar Plains, Ky. The brilliant young man is kept busy all the time holding meetings at various points. He promises to be a worthy chip off the old block. This reminds us of a remark we heard a gentleman make the other day. Something was said about the open manner in which the blind tigers were run in Lancaster. The gentleman said, "Well, if one Joseph C. Frank could only return to earth and take up his abode in Lancaster for a week or so, such a scattering of tigers could not be imagined. Tigers and tiger-tamers would catch it alike, and by the time Mr. Frank got through there would not be a tiger within the city limits. Oh, for a Joseph C. Frank to twist the tigers' tails."

#### Attention Farmers.

We take pleasure in gratifying the farmers of Garrard county, that as usual we will be in the market for wheat, and will buy at all stations on the Rowland Branch L. & N. railroad, and will see that our friends and customers get top prices for their wheat. So make no promises to anyone, but be independent and remember your friends before selling, and see us. We have storage room for 30,000 bushels of wheat, and rate of storage will be reasonable. We also will keep on hand new sacks to sell farmers at cost, should they want to hold their wheat.

# CANCER IS NOT INCURABLE

Time was when Cancer was considered as incurable as leprosy. Physicians and friends could give little relief or encouragement to one afflicted with this terrible disease. Even now doctors know of no remedy for this fearful malady; while admitting it to be a blood disease, they still insist that there is no hope outside of a surgical operation, and advise you to have the Cancer cut out, but at the same time cannot assure you that it will not return. You may cut or draw out the sore, but another will come in its place, for the disease is in the blood—it is deep-seated and destructive, and beyond the reach of the surgeon's knife or caustic, flesh-destroying plasters. The blood must be purified and strengthened, the system relieved of all poisons, effete matter before the Cancer sore will heal.

S. S. S. is the only medicine that can overcome this powerful and contaminating poison and force it out of the blood. It builds up and invigorates the old, and supplies new, rich, life-giving blood. S. S. S. is a purely vegetable remedy; no mineral can be found in it; the roots and herbs from which it is made contain powerful purifying properties that act directly upon the blood system and make a safe and permanent cure of Cancer. It has cured thousands, why not you?

## Impure Blood Invites Disease.

or nose, a small lump on the jaw or breast, a harmless looking wart or mole, and other causes so insignificant as to attract little or no attention. If you have an obstinate sore, don't rely upon salves or ointments to cure it—begin with S. S. S. It will cleanse your blood and prevent the formation of cancerous cells.

Mrs. R. Shier, La Plata, Mo., writes: "A small pimple came on my jaw about one inch below the ear on the left side of my face. At first it gave me no trouble, and I did not think it was anything serious until the pimple began to swell and become much inflamed. At the same time the sore began to spread and eat into the flesh, and gave me intense pain. I tried everything I could hear of, but nothing did me any good. I then began the use of S. S. S., and after taking several bottles the Cancer healed, and there is now no sign of the disease. This was two years ago, and I am now enjoying perfect health."

Send for our special book on Cancer; it contains much information that will interest you; it is free.

Write our physicians about your case, and for any advice or information wanted; they have made a life study of Cancer and all blood diseases. We make no charge what.

Hustontown will hold a three days' fair, beginning Wednesday, July 25. The following officers have been elected: J. P. Harper, President; W. D. Hocker, Secretary, and J. H. Hocker, Treasurer.

Two men, representing the American Strawboard Company, were in this section last week engaging straw. They bought 12,000 acres, and want 100,000 tons. It will be shipped to Ohio and Indiana paper mills.

A Shorthorn calf, 18 inches high, and weighing 24 pounds is furnishing amusement at the home of Wm. Harber. The freak was too small to suck its mother and had to be put on a bottle like a baby until its little legs lengthened sufficiently to enable it to reach the creamery. Richmond Clin.

Middlesboro will hold a fair and race meeting some time in August. A new half-mile track is being built there, and a great meeting is expected to be held in the mountain town. Middlesboro has a large scope of country from which to draw her crowds, and Kentucky, Virginia and Tennessee do doubt have many horses that they will enter there.

In either driving or handling hogs, have them reasonably empty, thereby saving much labor and risk. You will also put more pounds on the scales and have them in much better condition for the buyer, than if full when leaving the pen. If a hog is heated when the stomach is full it affects its appetite for several days; hence there will be a heavy loss to the shipper.

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50-cent bottle cured me entirely. I now recommend it to my friends. F. A. Babcock, Erie, Pa. It is for sale by R. E. McRoberts druggist.

As the result of failure to secure 20,000 harvest hands needed in Kansas, the college students, boys and girls, have agreed to take their places in the field. They will run the binders harvesting began last Friday.

The wheat harvest is in full blast through southern Nebraska and Kansas. The indications now are that the Nebraska wheat crop will reach 75,000,000 bushels, and that Kansas will reach close to 100,000,000. This is from 15 to 20 per cent. heavier than previous yields in this state. Other small grain promises well in these two States. The corn crop will be very heavy if present indications continued. Corn is well advanced and the acreage is about 5,000,000 in Nebraska and 4,000,000 in Kansas. The acreage in both states is less than last year. In Nebraska there were 8,000,000 acres of corn last year and a 300,000,000 yield. Farmers are well supplied with money and will probably hold their wheat until late in the fall for higher prices.

If the stomach performs its functions actively and regularly, the food of which it is the receptacle, is transformed into blood of a nourishing quality, which furnishes vigor and warmth to the whole body. Hence give tone to the stomach and promote digestion and assimilation. Price, 50 cents. C. C. & J. E. Stormes. 1m

Danville Notes:—Anderson & Spillman bought of J. Granville Cecil, Saturday, 125 acres of growing wheat at twenty cents. Mr. Lyte Hudson spent to-day in Danville looking for horse stock. He and his partner, an older brother, made \$20,000 last year on Government horse contracts. So much for being good judges of both men and horses. S. H. Yeager sold his farm on the Stanford pike, in this county, to Thomas McBeath, of Pulaski county, at \$75 an acre. Mr. McBeath and family will take possession of the place in November. Mr. Yeager is yet undecided as to his further movement, but his friends hope he will stay in Boyle. —Advocate.

The age at which a horse is worth the most depends very largely upon his breeding and raising. In nearly all cases well bred and well kept horses will stand hard usage better at an early age than horses that have had a struggle for an existence and have inferior quality of blood in their veins. When a horse has been well fed and cared for from birth so as to maintain a steady growth, he ought to be well matured by the time he is five years old, and from that time till he is seven ought to be at his best. Other horses that are let run, given but little care, not fed as they should be, will make a slower growth and may not mature until seven years. A horse should be fully matured before he can be considered at his best no matter what his breeding may be. —Ex.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grand mothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system and that is all they took when feeling dull and had with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. For sale by C. C. & J. E. Stormes.

Prevented A Tragedy.

Timely information given Mrs. G. Long, of New Straitsville, Ohio, prevented a tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvellous cure also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. In many households the real boss is the baby. Starvation never yet cured dyspepsia. Persons with indigestion are already half starved. They need plenty of wholesome food. Kodol Dyspepsia Cure digests what you eat so the body can be nourished while the worn out organs are being reconstructed. It is the only preparation known that will instantly relieve and completely cure all stomach troubles. It is certain to do you good. F. P. Frisbie. 1m

The more people travel, the less boisterous they are on the road. Reports show that over fifteen hundred lives have been saved through the use of One Minute Cough Cure. Most of these were cases of grippe, croup, asthma, whooping cough, bronchitis and pneumonia. Its early use prevents consumption. F. P. Frisbie.

Story of a Slave. To be bound hand and foot for years by the chains of disease is the worst form of slavery. Goe D. Williams of Manchester, Mich., tells how such a slave was made free. This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by R. E. McRoberts, Druggist. 1m

National Educational Association. Great Meeting at Charleston, S. C. JULY 7-13. THE QUEEN & CRESCENT ROUTE.

The great line to the South-east, makes low fares for the occasion, Chattanooga and Asheville visited en route.

This great convention meets each year during the summer vacation for the discussion of educational problems for social betterment and for the opportunity it affords each year to visit, at a low rate, places of interest in diverse parts of the United States. With this plan in view the meeting last year was held at Los Angeles. It meets this year at Charleston, S. C. The benefits a curing themselves go not only to the teacher but also to the pupils, who after all, are perhaps the greatest gainers from the rest of the teachers and from the increased capacity for work with which he returns from the meeting.

The meeting this year at Charleston is one of special import. Since the trying days of the Reconstruction period the educators, north and south, have been rather slow about the coming process which has gone on more rapidly with other classes; but the wonderful display of enthusiasm upon the part of the southern teacher, in working for the success of the Charleston meeting indicates an entire new era in the history of the American South and gives promise for social betterment and for the opportunity it affords each year to visit, at a low rate, places of interest in diverse parts of the United States.
